 @ <https://github.com/Asminstha>  @ [linkedin.com/in/asminshrestha](https://www.linkedin.com/in/asminshrestha)

Full Stack Developer with hands-on experience in building scalable web applications using React, Django, and Laravel. Developed real-world projects including a multi-tenant SaaS job portal and e-commerce platforms with modern UI/UX and secure backend systems. Strong understanding of REST APIs, authentication, and responsive design. Passionate about delivering efficient, user-focused solutions and contributing to dynamic development teams.

EXPERIENCE

Software Development Intern

Kathmandu

DEVELOPMENT CATALYST CONSULTANCY PVT. LTD.

Jan, 2026 - Mar, 2026

- Developed and maintained full-stack web applications using Python, Django, and React.
- Built responsive frontend interfaces with React and integrated them with robust Django backend services.
- Wrote clean, efficient, and scalable code while actively debugging and resolving technical issues.
- Collaborated within an agile team environment to deliver real-world software solutions.

Full Stack Developer

Kathmandu

Kodedristi

Aug, 2025 - Jan, 2026

- Developed responsive front-end interfaces using React.js, ensuring seamless user experiences and efficient state management.
- Architected robust back-end systems and RESTful APIs using Django and Django REST Framework (DRF).
- Integrated front-end and back-end systems, managing database migrations, authentication (JWT), and CRUD operations.
- Collaborated on real-world project workflows, following best practices for clean code and modern web security.
